MADE FOR MORE

At Reading Truck, our work is our life. And we know it’s yours, too. That’s why our truck bodies have always been made with your work in mind. We created the first all-aluminum truck body over 35 years ago, and continue to make innovation a priority in every durable, worry-free design we create. Our customers put our products to work in some of the harshest environments and toughest sites imaginable. They know the difference is in the Reading details: better hinges, lighter aluminum frames, and easier opening latches. These details make our truck bodies unlike any other. They’re made to handle bigger payloads, extra miles, and harder work. Reading Truck. Made for more.

CLASS-LEADING WARRANTY

Your truck is the heart of your business. When it doesn’t perform, you can’t perform. That’s why we back our work truck bodies with the best warranties in the business. To ensure that you get fast service when you need it, be sure to register your Reading truck body within 30 days of purchase and contact us anytime with any concerns you may have.
