Your fleet is unique, so we offer a unique fleet-specific approach.

DEDICATED FLEET TEAM UNDERSTANDS YOUR NEEDS
- Fleet and fleet management company experience
- Total account management approach, providing status and visibility throughout the process
- Assurance that the end result is optimized driver productivity

Know you’re getting top-crafted and durable custom-designed truck bodies when you buy Reading.

A NAME THAT’S BEEN TRUSTED FOR 60 YEARS
- Built to last — Legendary quality and durability built by Reading’s 60 years of field-tested experience
- Process design, manufactured for efficiency — gains in engineering experience and advanced manufacturing processes allow us to create a body that’s equally durable, dependable and versatile
- Built FOR the service body industry — Optimizes the value you get when you purchase a Reading
- Tailored to the most popular footprints — Standard plus many value-enhancing options
- Available in aluminum — corrosion resistant for longer body life. Lighter weight for greater fuel efficiency and potential for increased payload capacity
- Expanded support — more than 100 authorized Reading dealers in the U.S. and Canada
- OEM pool programs — select chassis from Ford, GM or RAM

And we apply this same renowned expertise, customer-centric focus and exceedingly dependable craftsmanship to both the design and manufacture of custom bodies that meet your specifications.
